ABOUT ME

Informatics graduate from Atma Jaya Yogyakarta University with strong adaptability, effective communication skills, and a passion for continuous learning. Enthusiastic about **Web Development**, **Backend Engineering**, and **Data Science**, with hands-on experience in delivering real-world solutions across academic and enterprise environments.

EDUCATION

Atma Jaya Yogyakarta University / Bachelor of Informatics / GPA: 3.73 **2018 – 2022**
Mertoyudan Minor Seminary / Natural Science Major **2014 – 2018**

CERTIFICATIONS

- Sololearn C Programming Certificate
- SanberCode Python Data Science Certificate
- Programming Basics for Data Science – Skill Academy
- Progate SQL Course Certificate
- Certified Secure Computer User (C/SCU) V2 – Complete Series
- Sololearn Python 3 Certificate
- Sololearn Java Programming Certificate
- Sololearn SQL Certificate
- Programming Study Group Tutor (C & Java)

SKILLS

- Programming: Java, JavaScript, Python
- Web Development: React + Next.js
- Backend Framework: Spring Boot, Laravel
- Database: PostgreSQL, Oracle SQL
- Core Banking System: Exposure Avaloq, Temenos T24 (TAFJ)
- Operating System: Linux (Red Hat/RHEL), Windows
- Version Control: Git, GitHub
- Development Tools: IntelliJ Comunity Edition, VS Code, Dbeaver, SQL Developer, Figma

WORK EXPERIENCE

PT Bank Mandiri – Jakarta, Indonesia
Software Engineering
Contract *April 2024 – Present*

- Developed and maintained core banking applications for the **Livin** wealth management platform using the **Avaloq Core Banking System**, including feature enhancements and critical bug fixes.
- Designed and implemented high-performance **APIs using Java Spring Boot** to support the **Livin mobile application**, ensuring optimal reliability and scalability.
- Collaborated with cross-functional teams to address complex technical challenges and deliver business-driven solutions.

PT Fortress Data Services – Jakarta, Indonesia
Technical Consultant
Full Time *January 2023 – April 2024*

- Implemented customized **Core Banking System** solutions for **Bank of India Indonesia**, tailored to specific business requirements.
- Resolved system bugs and developed new features to support banking operations and compliance.
- Served as a key liaison between technical teams and business stakeholders to ensure clear communication and successful delivery.

Universitas Atma Jaya Yogyakarta – Yogyakarta, Indonesia
Research Assistant
Contract *September 2021 – February 2023*

- Designed and implemented algorithms to generate **SPARQL queries** for **Mobility OLAP** using the extended **QB4MobOLAP** vocabulary.
- Developed a **web-based interface** to perform mobility data analysis leveraging **Semantic Web technologies**, enabling analytical processing over mobility data warehouses.

Jojonomic – Jakarta, Indonesia
Intern - OOS Implementor
Intern *December 2021 – February 2022*

- Analyzed client business processes and translated requirements into functional **web and mobile applications** using a **low-code development platform**.
- Designed and implemented **efficient, user-centric solutions** that aligned with client goals and improved operational workflows.

Universitas Atma Jaya Yogyakarta – Yogyakarta, Indonesia
Teaching & Lab Assistant - Digital Systems
Contract *January 2020 – July 2020, January 2021 – July 2021*

- Instructed students in **digital logic and computer architecture**, covering topics such as binary, decimal, and hexadecimal number systems, as well as the design and implementation of **ADC (Analog-to-Digital Converter)** and **DAC (Digital-to-Analog Converter)** circuits.

Universitas Atma Jaya Yogyakarta – Yogyakarta, Indonesia
Mentor - Programming Study Group (Java & C)
Contract *July 2020 – January 2021 (Java), August 2019 – July 2020 (C)*

- Mentored students in **Object-Oriented Programming (OOP)** using **Java**, and guided foundational **programming logic development** using the **C language**, helping peers build strong programming fundamentals.

ORGANIZATIONAL EXPIRIENCE

Information & Communication Division – HIMAFORKA UAJY *July 2019 – July 2020, August 2018 – June 2019*

- Managed the dissemination of **campus event updates and academic information** through various **social media platforms**, enhancing student engagement and information accessibility.

IFEST #7 – Fundraising & Sponsorship *November 2019 – March 2020*

- Coordinated **sponsorship and fundraising efforts** for a multi-event **informatics festival (IFEST)**, including hackathons and tech seminars.
- Engaged and negotiated with clients and partners to secure financial and in-kind support, ensuring successful event execution.
